

METHODS AND SYSTEMS FOR PERFORMING
ACQUISITION INTEGRATION

09/855091

ABSTRACT OF THE DISCLOSURE

Systems and methods that facilitate integration of one corporate entity into another corporate entity are described herein. In one embodiment, a method in a computer for generating an acquisition integration project plan includes displaying a plurality of pre-defined integration events based upon at least one user selected integration area, each pre-defined integration event being associated with a phase in an acquisition process, displaying at least one user selected, pre-defined integration event for each user selected integration area, displaying at least one of a name of a person responsible, a due date, a completion percentage, and a commentary for each user selected, pre-defined integration event, and storing the user selected, pre-defined integration events and corresponding integration areas as an acquisition integration project plan.
